- The core courses are:

SOWK 1011 – Critical Foundations of SOWK

SOWK 2030 – Critical Perspectives on Society (after Fall 2017 is now SOWK 2060 & SOWK 2070)

SOWK 2050 - Identity, Diversity, and Anti-Discriminatory Practice

SOWK 3110 – Policy Frameworks

The following course is to be completed <u>CONCURRENTLY</u> WITH PLACEMENT: SOWK 4020 – Issues in the Study of the Welfare State (In Class Only)

Other considerations about eligibility for placement

- Maintain active status in the Social Work program. The field office CANNOT work with students who are not in our program or whose GPA has fallen below the minimum requirement for SOWK and as such have been "exited" out of SOWK.
- Students are not guaranteed a placement simply because they have completed the academic portion of their degree
- Students are expected to demonstrate "readiness for placement" (ex. Cordial responses, professionalism, communication in a timely manner, etc.)
- Know that if you don't respond to the Field Education Coordinator about an opportunity by the specified deadline, you won't be considered for the potential placement (check email regularly)

Timing, Length, and Specifics of Practicum

- The placement consists of <u>700 hours</u> on site at the agency
- All students <u>must</u> attend 4 integrative seminars
 ② 2 hours each session facilitated by faculty advisor (not included in practicum hours)
- 3 <u>FULL</u> days per week if Direct Entry (generally, Mondays, Wednesdays, and Fridays)
- 2-5 <u>FULL</u> days per week if Post Degree
- Will have to put in additional hours/days if planning to graduate in October 2019

- We are not asking for agency choices! Rather, you will be asked to share your areas of interest. You will choose <u>4</u> skills to develop and <u>4</u> client populations (NOT A RANKED LIST). Use "Rationale" text box to express your passions.

The Placement Process- other considerations

- CAS placements in high demand (must have G license, access to vehicle, and previous experience with children, their placement process starts in June)
- Hospitals, most health centers, and school boards NOT for BSW students
- Traditional vs. Non-Traditional Placements
- Meet with coordinator to discuss, ask questions if unclear
- We begin sending your resumes out in February
- The process of contacting agencies and sending out resumes takes the entire summer (from March to the beginning of September)
- This can be very frustrating for students constant communication with the coordinator is necessary

Welcome to Practicum

The School of Social Work seeks to prepare students to be critical practitioners and agents of change. As part of this preparation and as a requirement for graduation, each student completes a **field placement**. The practicum is intended to support the integration of theory and practice, preparing students to function as professional social workers. As such, the field placement becomes the culminating experience of each student's education at the School.

Placement Red	quest					
As part of your social work program at York University, you will be required to complete a placement to help integrate theory with practice. The Field Education Office has a very strict placement process. As you might suspect, the Field Office is securing placements for a large number of students and there is much competition for placements. Given the complexity of securing placements for many students, the School requires that we have a structured process.						
By submitting this application you agree to the following:						
 Completing course pre-requisites Not reaching out to agencies on your own without prior discussion with the Field Education Coordinator Checking your phone and e-mail messages regularly (for example, 2-3 times a week) to ensure you don't miss out on an opportunity If you don't respond to the Field Education Coordinator about an opportunity by the specified deadline, you won't be considered for the potential placement Informing the Field Education Office of any absences that might affect your availability during the placement process Preparing for a successful interview Keeping the Field Education Coordinator informed about the date of your interview and the outcome If required, obtaining a vulnerable sector police check screen and any other agency requirements prior to the start of placement. If you are offered a placement within your identified interests, you must accept the placement offer and your placement search is complete. Only under extreme circumstances, the Field Education Office may consider exploring other options.
